Using your handbook

Your course handbook contains a wealth of information. Some of it will be of more relevance to you later in the course than at the start of your studies. It covers many of the questions you will have about your course and how to locate additional information or advice.

For more detailed information you will sometimes need to consult other sources, including:

- Student Service Center- for details of important regulations and procedures.
- Programme Manager- for academic information, timetable, and course structures.

The course specification (Section 7.1 of this handbook) defines the key features of your course, its aims, structure and learning outcomes, and identifies all the modules you must study for your award.

It is your responsibility to be fully aware of the regulations, which govern your studies as an undergraduate student of the University and Stanford Academy. We provide guidance on most aspects of the Academic Regulations via our website, including Student Handbook; if you are unsure please contact your Student Service.

When you join London Metropolitan University as a student you and the University form a formal relationship and you become a member of our academic community. You are London Met student and study the programme at Stanford Academy. The term and condition govern the relationship with London Met and Stanford Academy. It is your responsibility to read and understand this important information. If there are aspects of the terms and conditions you do not understand please contact the Student Service or Programme Manager.

You should also note that, occasionally, the details in this Handbook, including the Course Specification, may subsequently be amended or revised in accordance with the policies and regulations.

SECTION 1: WELCOME TO YOUR COURSE / KEY CONTACTS

1.1 Introduction to your Course

Welcome to the BA (Hons) Business Management (Top up) course.

This year-long Top-Up course offers students an opportunity to enhance their knowledge and understanding of business management, particularly the international dimensions of business, while completing the final year of their undergraduate degree. The course provides a broad, analytical and integrated programme for those wishing to study Business Management. It reflects the QAA Subject Benchmark for Business and Management which sees the of purpose business and management programmes as threefold:

- increasing understanding of organisations, their management, the economy and the business environment;
- preparation for and development of a career in business and management, and
- enhancement of a wide range of skills and attributes which equip graduates to become effective global citizens.

The central aim of the course is to build on the students' existing knowledge of business and management. The core modules provide students with the advanced theoretical and practical knowledge and skills necessary to operate in a global business environment and to develop their understanding of the realities faced by international business managers. Along with a language modules, the range of elective modules reflect the diversity of international business management and is intended to accommodate the wider learning background experiences of non-UK students.

Students develop their understanding of the governance, operations and management of the functions and processes of business organisations, as well as the corporate behaviours and cultures that exist within and between different organisations. Students have opportunities to enhance their existing understanding of management theories, models, frameworks, tasks and roles, including the management of people and corporate social responsibility. They will explore the factors that influence business from an international perspective, with an emphasis not only on understanding but also on responding and shaping the dynamic and changing nature of business and the consideration of the future of organisations within the global business environment.

The course is designed to prepare students to deal with contemporary issues and challenges in the world of business. Contemporary case studies help to prepare students to deal with issues and challenges, such as change management and values, in cross cultural environments, and with the management and development of people of ethnically diverse backgrounds. Throughout the course students are exposed to social, ethnic, and cultural issues inherent in the student body.

The degree has a central all encapsulating theme of employability with the aim of providing students with the transferable knowledge and skills required for their chosen careers, and which reflects the breadth and depth of opportunities for learning, practice, placement and employability.

The course utilises a blended learning approach to teaching and learning through a mixture of interactive workshops, lectures including virtual lectures, seminars and a wide range of multimedia. Students are provided with opportunities to analyse and discuss core principles and concepts and obtain peer and formative feedback. The course adopts a student centred learning approach, which requires synthesis and critical analysis of key issues generated through their own research. Workshops, lectures and seminars are designed to convey broad principles, concepts and knowledge, as well as offering students the opportunity to analyse and apply knowledge through field work, and through case studies and business management scenarios.

The approach to teaching and learning on the course is to help students develop an inquisitive, critically analytical, and independent but supported level of scholarship in which they are able to set personal goals and targets. Experiential learning is fostered, whereby students are encouraged to learn from their own current or previous experiences of work.

Your learning throughout the course will be strongly supported by your tutors. We place great emphasis on ensuring that you adapt to studying at university as quickly as possible, that you are able to get the most out of your degree course, and that you are a happy and successful student.

SECTION 2: UNDERGRADUATE DEGREE COURSES

2.1 Key Features of Undergraduate Degree Courses

The University's undergraduate degree courses are part of a common credit accumulation system. Students build up the credits needed for a degree module by module and must successfully complete the requirements of Level 6 before graduation. Standard modules carry 30 credits and a degree comprises 120 credits. Study can be full time or part time and, for a few courses, evening only.

Level 6 is the most advanced undergraduate level. Modules are designed to develop and test independent judgement and critical awareness and to develop an enquiring, analytical and creative approach to learning. You are expected to recognise relationships in what you have learned, to synthesise and integrate information and to view your subject(s) of study in a broader perspective.

You carry out individual research projects and activities in preparation for employment or further study on postgraduate or professional courses. As part of the compulsory (core) Project module, you refine your personal development planning activities to aid application for employment or further study.

Level 6 modules are normally studied during the third year of a full-time honours degree course.

The academic year is split into three terms. The Summer term runs from August to October, the Autumn term from November to December and the Spring term from March to May. Full time students normally study 120 credits per year. Part time students may complete 120 credits per year depend on own schedule.

2.2 Course Modules

Most first year students will have a programme of modules already registered for the whole year. The structure of your course is printed in this Course Handbook but up to date information about the modules you need to study is best found at [Course Catalogue](#).

You will encounter the following terms as part of [choosing modules](#):

Core modules

You must study these compulsory modules in order to meet the requirements of your award.

Prerequisite

These are modules which normally must be passed/completed before you may proceed to study a subsequent module(s). This is to ensure that you have an appropriate level of knowledge to study the later module(s).

SECTION 3: RESPONSIBILITY OF A STUDENT

3.1 Induction Programme Checklist

Following your Induction Programme and Course Introductory Meetings, you should check that you have received the following:

- a student contract confirming your course and modules
- an ID card (including library number and computer network username)*
- a course timetable
- the location of your Student Service Centre
- the location of your main Library and IT facilities
- the name of your Course Leader
- course handbook
- referencing handbook

If you miss your Induction Programme you still need to obtain all of the above items. Contact your designated Student Support to ensure that you know what to do and where to go. It is very important that you complete the enrolment process as this is what activates your status as a student and ensures, for example, that you appear on your module class lists. Please do take note that London Met will deliver your ID card to the School. The Student Support will inform you to collect the ID card once received from the University.

An orientation program is conducted for all international students and this includes;

- Academic Programme - Overview
- Assessment Structure
- Assessment Grading Criteria
- Curriculum Delivery methods
- Lesson Time and Venue
- School Attire
- Graduation Requirement
- Delay Exam / Re-Exam
- Attendance Requirement (ICA / Exam)
- Leave Process / STP-Exam Matters
- Supplementary Examination matters
- Medical Leave Policy
- Computer Usage policy
- Appeal Process
- Exam Result
- Award Certificate
- Student Pass cancelation and renewal matters
- Academic Code of conduct
- Progression Pathway
- Job Opportunities

3.2 Your first semester

For **March 2022** cohort, classes commence on **1 March 2022** and your timetable will list all the classes that you need to attend.

For **August 2022** cohort, classes commence on **1 August 2022** and your timetable will list all the classes that you need to attend.

For **November 2022** cohort, classes commence on **1 November 2022** and your timetable will list all the classes that you need to attend.

Your first semester usually involves mainly compulsory (core) modules covering essential subject contents and skills elements in your area of study. During this first semester you will meet with your Course Leader who will discuss your study programme.

3.3 Attendance Requirements

In order to succeed on your course you should attend all classes and attempt all assessments; indeed the School requires this of you. Whilst some absences may be unavoidable you should always let your Module Lecturer know in advance and you must to catch up on what you have missed.

- Students must attend all scheduled classes with the attendance taken.
- Students are not allowed to sign the attendance on behalf of their classmate(s).

The School will not be responsible for any data lost, and any data saved in the local hard disk drive will be at their own risk.

3.8 Your timetable

The class timing is from 9.00am to 6pm, Monday to Friday. Each module may have different class schedule. Please get the timetable from the Student Service Center before the semester commences. For part-time students, your class time is either weekdays evening or weekends.

3.9 Your studies with London Met

Your course will provide opportunities to learn new skills and acquire knowledge in your subject areas. To make the most of the opportunities available you need to organise and plan your learning to help you manage your time effectively – see the guidance provided on the [Study Hub](#) collection of online guides on academic and study skills.

Undertaking academic study at undergraduate level may be new and very different from your previous study experiences. Assessment is a key aspect of this learning. Successful completion of coursework and examinations is crucial to the achievement of an award at the end of your course. There are various types of assessment and modules often involve a combination of examination and coursework or presentation. It is important that you understand clearly the various expectations and deadlines for each item of assessment. Every module has a module booklet, which explains how and when you will be assessed.

You must attend **all** timetabled classes and you will also need to study in your own time. You should expect to spend 10 hours per week on each module, making a commitment of approximately 40 hours per week for a full-time student, which should be planned in your diary. Please be respectful of the learning environment and remember to switch off your mobile phone **before** entering classes and study areas.

Be prepared for lectures and tutorials by doing any reading or exercises in advance. Always make notes. Review these after the class and if there is anything you do not understand, ask your tutor. All tutors have office hours and their contact details are in the module booklet.

In summary: plan your learning strategy; allocate enough time; attend all of your module lectures, tutorials and other sessions; start assignments well in advance; seek advice and help when you need it; use the learning resources offered; and, enjoy the learning experience!

3.10 Feedback on your assessments

Assessment feedback is a critical part of your learning experience and supports successful achievement on your course. Feedback can be:

- formative – it provides you with feedback on progress of your work. The work may or may not contribute to the overall module grade.
- summative – it provides comments in respect of your performance in relation to intended learning outcomes and requirements for a piece of assessment.

During your course you will probably receive feedback in a number of ways:

- in teaching sessions to the whole class or to you individually;
- orally or in writing;
- written using a feedback sheet on your work;
- via Learning Management System (Canvas), the online space for modules – written and/or audio feedback;
- during the module as well as at the end.

You are entitled to receive feedback on all assessments, normally within 15 working days of submission. For assignments submitted during the module – especially where feedback can be delivered within timetabled class sessions - the module team will help you to understand how to improve future submissions. For end-of-module assignments feedback may be given on-line but you can request a meeting with your module tutors to help you understand why they have awarded the grades you received.

All arrangements for coursework and feedback return will normally be stated in *Module Booklets*. This should include:

- due dates for coursework submission;
- dates when coursework feedback will be distributed in class;
- dates when coursework feedback can be collected from the module leader;
- the format by which assessment feedback will be given;
- the process by which end-of-module coursework can be collected following the publication of the result concern.

SECTION 4: COMMUNICATION, INFORMATION AND ADVICE

4.1 Your University IT account

You use the same IT account to access all University IT systems and Library electronic resources. Your account name is printed at the top of your student ID card that you receive at enrolment and is 7 characters in length (e.g. ABC1234). Your password (which you would have already used during pre-registration) was initially set as your date of birth (DDMMYYYY) so, if you have not already done so, please do change it to something more secure at: <https://password.londonmet.ac.uk/>

4.2 Communication

We do our best to keep you informed of what you need to know at all times. We use the **Canvas** to provide much of the information you need so it is essential to familiarise yourself with the University website. Other than that, we will contact you via Canvas and personal email so it is **essential** that you check your email and Canvas on a regular basis.

4.3 Your contact details

In the event where any information is changed regarding the changes of the course timetable, examination registration date, the School ensures that the students are promptly notified through available practical modes (Canvas and Email) and sufficient time is given to students to prepare for these changes. The students need to notify the School without delay of any changes of address and telephone number.

4.4 Evision

Evision is the University's online facility that allows you to access your personal student record, and is where you print your coursework submission sheets and other forms that you may need. You also re-enrol via Evision and view information showing your attendance at classes. You can view your:

- personal and contact details (can be updated online)
- registered modules
- enrolment and progression
- module results (available from notified date of publication)
- details of final award

4.5 Canvas- online module resources

Canvas provides online support for your modules, enabling you to communicate with your tutor and other students. Course materials, information and assessments are available on Canvas. Canvas requires your user name and password. Please click [here](#) for login.

4.6 Service Assurance

We assure that our services and course delivery system is suitable, adequate and effective through continual improvement. We will conform to applicable statutory and regulatory requirements without exception. We will take immediate action to control any non-conformance that may arise during delivery of courses.

Key Performance Indicators as follow:

Effectiveness of training program	- 85%
Effectiveness of trainer	- 85%
Effectiveness of facilities	- 85%
Student support & services	- 85%
Student Retention Rate	- 90%

SA has more than **40 lecturers including Full-Time and Part-Time** who are well-qualified and experienced instructors/ lecturers and experienced in modern teaching methods and committed to success of the students. The school has registered all teachers with Committee for Private Education (CPE).

Teacher- student ratio can be checked under the respective course.

The management, administrative and customer service managers provide the students help in dealing with personal, administrative, or academic problems or with special issues. They assist International students with:

- Application and renewal of Student Pass
- Airport Pickup and Visa application (upon request)
- Assistance in arranging for accommodation in Singapore
- Free Pastoral Counselling
- Academic advising on their further education in Singapore or overseas
- Assistance to students
- Assistance in adapting to the new environment
- Advice on career opportunities
- Internship arrangements and preparations for interview (for courses with OJT)
- Advice on internal grievance procedures
- Arrangement for Medical check-up

- Assistance in the claim of Medical Insurance
- Helping to enrol into Government School or Polytechnics or Junior School
- Arrangement for Local sponsorship
- Orientation program
- Assist in Security Deposit
- Arrangement for local educational tours
- Arrangement for opening of bank account and banking services

Your Student Service Centre

The student service centre is the place to go for any query related to your studies or your time at the school. The student service centre is also the gateway to the wealth of other support services offered, such as Student Services (Student Money and Accommodation Advice, Counselling Service, Disabilities & Dyslexia Service), finance and learning support services. During your Induction Programme, you will be informed of the location of your student service centre.

4.7 Academic and Pastoral Counselling Program

The School provides comprehensive pre-course and pastoral counseling services for all students.

Course outline and module synopsis are clearly stated on the brochures of the respective course and students are provided with the course brochures upon enquiry of the course to enable them to make informed choices before application.

The School Course Consultant gives pre-course counselling services, which includes:

- Individual assessment of the prospective student's needs and capabilities and providing tailored solutions to ensure effective learning experience;
- Providing marketing collaterals and schedules so that the student can make informed choices;
- Providing appropriate guidance and advice on the suitability of the courses available;
- Providing career guidance relating to the courses available;
- Academic care for weak students and providing extra English classes for students to improve their better academic results in the exams that they are sitting for

Course consultants and administrative staff of the respective department are provided with trainings to ensure that they provide the respective students with good guidance.

The School has engaged 2 part-time staff with professional qualification as a Counsellor to provide adequate formal training to students. The Part-time Counsellors can give advice to students with stress and serious emotional concerns or problems ranging from academic difficulties to personal or social issues and with difficulties such as adjustment problem,

relationship problems etc. The student can approach the Administrative Staff of the respective department for appointment with the Counsellors.

The Pastoral Counseling program of SA includes:

- Providing emotional support for students to help them cope with mental stress relating to a new environment or course demands;
- Implementing programs to create a culture and climate of care, trust and friendliness that encourage student attendance and involvement.

4.8 Academic Support and Academic Tutors

As part of our absolute commitment to student experience and achievement every student is allocated an academic tutor and/or academic mentor from the School. The academic tutors and mentors offer academic advice and academic support to students (i.e. personal development, progress, goal setting or academic writing). They work closely with course leaders within an integrated network of support services.

4.9 Learning Development Support

A range of learning development support is available to all students wishing to make the most of their time studying at University. This includes:

- advice from module lecturers;
- online tools, resources and advice for developing writing, presentation, critical analysis and other academic and study skills, available via the [Study Hub](#), a dedicated website for students

4.10 Course Leader

Course Leaders are the main contacts for personal academic advice, including programme planning and approval, and are also responsible for the day-to-day organisation of your course. They support systems for positive student engagement, achievement and progression and are also a source of valuable advice for other matters. They should be the first port of call if problems arise as they are able to:

- provide you with academic advice on all aspects of your studies and progress
- explain the implications of assessment results and associated feedback on your academic performance
- advise you on managing and planning your studies;
- refer you to Student Services for support regarding personal problems, housing, health and finance.

4.11 Module Lecturers

Module lecturers are members of academic staff who lead the modules contributing to your programme of study and are key to your learning experience. They should be your first port of call for academic advice on any topics you do not understand following a lecture or seminar. All Module Lecturers have “office hours” – these are set times during the week when they are available for consultation.

SECTION 5: Your Voice Counts

In order to better serve the community, the management and the team look for opportunities to improve the programs and service quality of SA. The School has put in place an open communication system to collect the feedback from the students. The management and the administrator of each course are always available to discuss issues relating to the inconveniences, the service and the course. The students can make their views known to the management. All the feedback from the students is taken as positive step towards improving the quality of the service and maintaining and enhancing the quality of course delivery. The School values the students' feedback and will make every effort to investigate their suggestions and complaints. Their input will be carefully considered, and changes will be implemented to enhance the school's service level to meet the customers' expectations.

Have your say

The School is committed to giving the students the opportunity to let the School know how things work and where they need improvement. The School runs a regular Student Evaluation which they are asked to complete; their responses inform future planning needs.

5.1.1 Resolution of Complaints

The School assures the quality customer service and the quality training. Any student who has grievance or complaint can lodge the matter to our administration office for proper attention. An immediate acknowledgement will be processed.

Students are advised to immediately contact the management and respective administrator who will listen, assist in making decisions, and help to facilitate a prudent and responsible course of action within 21 days. The management and administrative staff are available in such cases

SECTION 6: YOU'RE A-Z ESSENTIALS

6.1 Admin Staff – Student Service Staff

Student Service Staff is qualified to provide learning support and information skills training and ensure that, where possible, the appropriate information resources you need are available throughout your course.

Your dedicated staff can help you acquire valuable information literacy skills which will enable you to locate, retrieve, evaluate and use the most relevant resources for your research for specific assignments and projects.

6.2 Academic Misconduct

You are responsible for ensuring that all work submitted is your own, and that it is appropriately referenced. The University does not tolerate cheating of any kind and all students must respect all relevant academic conventions and practices, and must not give or receive unpermitted aid in relation to any assessed work. You are strongly advised to familiarise yourself with the General Student Regulations on Student Conduct, which list a range of categories of academic misconduct and associated penalties, covering instances of academic misconduct (plagiarism, collusion, exam cheating). From the outset of your studies you should receive information and guidance on referencing conventions and group work activities to ensure that you do not contravene the University's Regulations. If you are unsure about referencing, paraphrasing or group work activities (and what may constitute collusion in such activities), you should seek advice as soon as possible from the Module Leader.

Further information can be accessed [academic misconduct](#).

6.3 Academic Regulations

We provide guidance on most aspects of the [academic regulations](#) via [Student Zone](#). If you are unsure please contact your Student Service Staff or Module leader.

6.4 Academic Board Appeals

The deadline for submitting an appeal is **10 working days** from the date of publication of the results concerned or the notification of the termination of your student registration. Your completed form and supporting evidence must be submitted in person to the Student Service Counter by the specified deadline or by post or email to the Student Service Department, to arrive by the specified deadline. Appeals received after the deadline cannot normally be considered.

Prior to submitting an Appeal you should familiarise yourself with the [procedures for the submission of appeals](#), Students should also familiarise themselves with the [General Student Regulations](#) on Complaints and Appeals.

Appeal for Expulsion

All applications for an appeal include documentation evidence to verify that the student has the valid reasons to apply for an appeal. If a student unable to provide the required documentation, then the request will not be accepted/ considered. The Academic Board will consider the appeal application case by case basis. The appeal result may fail due to lack of documents evidence or valid reasons. The school will notify the candidate/ appellant of the outcome in writing. Appeal charges are non-refundable.

6.5 Course Transfers

Terms and Condition for Course Transfer

A Student who has decided to transfer from the existing Course to another course within SA shall be deemed to have withdrawn from the current Course as otherwise agreed between SA and the student.

A student who wishes to transfer from one course to another within London Met must complete the Transfer Form, which is obtainable from the Administrative staff.

An **administrative fee (Local/ Non-STP student: \$50.00 and STP student: \$100.00)** (Subject to change) is payable per request for transfer.

Internal Processing of Course Transfer Request

The request will be considered by the management. The application will only be considered if the student meets all the pre-requisites of the new course. The decision of the University is final.

Approval for course transfer will be granted on a case-by-case basis subject to the student meeting the admissions requirements of the new course. Once the request for transfer is approved, the existing Student Contract shall be terminated, and the Fee Protection Insurance of the existing course will be terminated with the insurance provider.

For the international student, the School will have to submit a new application for a Student's Pass, on the understanding that the new application is subject to ICA approval.

If the student's application is approved by the management, he/she will be deemed to have withdrawn due to other reasons from the previous course. Balance of student's money can be transferred to new course.

For international students transferring to another course within SA, the Student's Pass application for the new course will be submitted to the Immigration and Checkpoints Authority (ICA) for approval. A processing fee is payable to ICA for the transfer of Student's Pass to the new programme. The transfer will only take effect after ICA approves the transfer of the Student Pass. The School will not be held liable for the transfer.

Formalities for Transfer

Once the request for transfer is approved by ICA, new Student Contract is needed to be signed. Subject to SA's Refund Policy, any remaining fees from the existing course will be transferred to the new course and the student will have to top up the difference in fees (if any) and a new Fee Protection Scheme (FPS) will be purchased for the new course.

Timeframe for processing transfer request: within 7 working days

The School will acknowledge receipt of transfer application within 3 working days and notify student of the decision within 7 working days from the date of receipt of the signed and duly completed Course Transfer Form.

If you intend to change course you should seek advice from the student service centre. Do not stop attending your course until a transfer has been agreed and confirmed in writing to you.

6.6 Coursework Submission

When handing in coursework you must ensure that you have understood and followed all the instructions provided by the Module Lecturer. For each coursework assessment, the type of submission will be specified as either:

- a 'Hardcopy Submission' which you submit in person to your Module leader; **or**,
- an 'Online Submission' via Canvas

It is important that you retain your confirmation email or electronic receipt in case of any future queries. Students are advised to set up a coursework receipt folder in their email. It is also essential that you keep a copy of the coursework until the results are published on Evision.

6.7 Criminal Convictions

If you are a student with an unspent criminal conviction, or you are charged, convicted or cautioned for an offence during your studies, you must [notify the University](#). If you have a spent conviction or caution that is not eligible for filtering but are studying on a course which is exempt from the 1974 Rehabilitation of Offenders Act and/or requires a DBS (Disclosure and Barring Service) check you must also inform the University immediately.

If you are a student with an unspent criminal conviction relating to a relevant offence, or you are charged, convicted or cautioned for a relevant offence during your studies, you must notify the University. Relevant offences are offences involving any kind of violence (including threats); sexual offences; harassment or stalking; supply of controlled substances; offences involving firearms, explosives, knives or other weapons, or arson; or terrorism offences.

If you are studying on a relevant course or undertaking regulated activity as part of your course, you must immediately notify your Course Leader if you

- have any unspent criminal convictions or any spent criminal convictions that are not eligible for filtering
- are charged, convicted or cautioned for any criminal offence; or
- are subject to a formal child protection investigation (or any member of your household is),
- are barred from working with children or vulnerable groups or in a regulated activity or are the subject of a referral to the DBS

Relevant courses include (but are not limited to) Dietetics, Counselling Psychology, Social Work, Initial Teacher Training (e.g. PGCE), Primary Education, Early Childhood Studies, Montessori Early Childhood Practice and Early Years Education. Regulated activity includes (but is not limited to) activities which involve working closely with children or people in vulnerable circumstances, such as caring for, training, supervising or being solely in charge of them.

Full details of the University's regulations regarding criminal convictions are available at www.londonmet.ac.uk/convictions

6.8 Criteria for Awards

The Undergraduate Awards Framework, the list of all of the University's undergraduate awards, can be found at the beginning of Section 2.1 of the [academic regulations](#). Section 2.2 of the academic regulations details the minimum criteria for passing and achieving classifications within each type of undergraduate award.

6.9 Disabilities and Dyslexia

Our [Disabilities and Dyslexia Service \(DDS\)](#) can assist you if you have a disability, long-term medical or mental health condition or a Specific Learning Difficulty (e.g. dyslexia or dyspraxia). You will need to provide medical evidence of your condition, or a full post 16 diagnostic assessment for Specific Learning Difficulties (SpLDs). If you are eligible for support, our Advisers can help you obtain a range of adjustments depending on the level of need identified. Support can include:

- notes/hand-outs in advance
- permission to record lectures
- individual examination arrangements (e.g. extra time, use of a computer, sheltered

- accommodation, amanuensis), alternative assessment arrangements
- extended library loans
- accessibility related classroom adjustments
- screening for a Specific Learning Difficulties (dyslexia)
- Individual Needs Assessment Report, to identify any adjustments to support you in your studies
- advice and guidance in applying for study-related funding e.g. the Disabled Students' Allowance (DSA)
- assistance with arranging specialist tutoring, mentoring, communication support

Please Note:

1. There are some aspects of course assessment that cannot be changed. These are known as 'competence standards'. A 'competence standard' is defined in the Equality Act 2010 as an academic, medical, or other standard applied for the purpose of determining whether or not a person has a particular level of competence or ability. These standards must be essential to the course and all students must be able to fulfil these criteria. Although in such situations it may not be possible to alter the format of the assessment, you may still be entitled to adjustments (e.g. extra time or an amanuensis). Competency standards are different to the fitness to practice standards that exist in certain professions, such as teaching, social work and medicine.

You are responsible for obtaining medical evidence of your disability/ long-term medical or mental health condition. Adjustments and extra support can be arranged only after a full diagnostic assessment and/or medical evidence is received. While the Service can provide screenings for a Specific Learning Difficulty, adjustments and extra support can be arranged only after a full diagnostic assessment is made. You may also be entitled to government allowances (e.g. DSA). You are strongly advised to contact the DDS for help with funding applications.

2. If you have a disability, long-term medical or mental health condition or a Specific Learning Difficulty, please contact DDS as soon as possible as we are not usually able to arrange adjustments to teaching and assessments at short notice. DDS require medical evidence of your condition/a full diagnostic assessment at least 4 weeks before the start of the relevant exam period. This is to ensure our Advisers have sufficient time to assess your requirements and communicate them to our Assessment and Conferment Office, who then implement any individual exam arrangements to which you are entitled.
3. It is your responsibility to update us if your condition changes. We need to know this in order to assess if there is any additional support you need – so please do stay in touch with us throughout your course.

6.10 Student Pass Renewal (international student only)

SA undertakes to use their best efforts to assist the Student if he/she requires a Student's Pass from the ICA. This includes, without limitation, providing the Student with advice on obtaining such pass, verifying the Student's enrolment and immigration status, and doing all such things as may be necessary to procure the Student's Pass on behalf of the Student. **The School does not guarantee the approval for the renewal of Student Pass application.** Such applications are subject to approval by ICA. It is the student's responsibility to ensure that his/ her Student Pass is renewed in time. The School will not be held responsible if the Student Pass expires or is being rejected by ICA due to lateness in renewing. Not later than three weeks before the expiry of current Student Pass, students need to approach the administration staff to apply for renewal. Students are required to complete all necessary forms from the School and ICA and submit them to the administration staff. The School applies to ICA for submission of renewal of Student Pass.

N.B. The School will only process and submit application for renewal of Student Passes for students only if they meet the 90% attendance as required by ICA and are current in their payment of fees (if attendance is lower than 90%, management will consider on a case by case basis such as their performance, academic results and conduct etc.). When renewal is approved, the student is required to go through the formalities (i.e. the same as new Student Pass application after getting IPA status) and pay charges to ICA.

6.11 Student Pass not Transferable

The Student's Pass issued is not transferable and will expire upon the student ceasing to be a student of SA. The School is under an obligation to inform the ICA of the student's withdrawal from, or completion of his/her course of study at SA. The student needs to deliver the Student Pass to the School, within 7 days of the student ceasing to be a student of SA, for cancellation of the Student Pass.

6.12 Assessment Timetable

Assessment periods are detailed in the Undergraduate Academic Year found at the beginning of this Course Handbook. Respective module leader will inform the students on the assessment due dates during the lesson in Week 1.

6.13 Fitness to Study

The University recognises that medical, psychological, behavioural or emotional problems or a student's circumstances may affect a student's fitness to study and we are committed to maintaining and preserving the physical and psychological wellbeing of all students. Where concerns about a student's fitness to study have been raised, these will be dealt with, in a supportive and understanding manner, in accordance with the [fitness to study procedure](#).

6.14 Marking and grades

The University provides you with outcomes for the work that you submit for assessment, using percentage grading scale. At module level, each component of assessed work is assigned a percentage mark with a pass/fail threshold at 40%. The detailed requirements for assessment on each module are specified in Module Booklets, together with indicative assessment criteria associated with different levels of performance and results. Modules are marked on the following basis:

70% - 100%	A
60% – 69%	B
50% – 59%	C
40% – 49%	D
0% – 39%	FAIL

Module marks are calculated to the nearest whole number from the appropriately weighted marks for each assessment component. However, when determining awards, which are calculated from the applicable module marks, with extra weighting for final year module marks, the overall mark for your award is calculated to two decimal places.

At the end of each teaching period module results and awards are confirmed by assessment boards (subject standards boards and awards boards). Assessment boards uphold the academic standards of your course and ensure that each student is treated fairly and equally through the assessment process.

6.15 Mitigating Circumstances

The [mitigating circumstances](#) process is for students who have exceptional, unforeseen circumstances which prevent them from attending an examination or which prevented them submitting coursework. If you need to make a claim, independent supporting evidence is required and, if accepted, this will allow you an opportunity to redo the exam/resubmit the coursework without penalty i.e without capping of the mark. The deadline for the submission of claims is two weeks from the date of the assessment concerned (i.e. the examination date or submission deadline).

Claims for mitigating circumstances must be submitted, together with the evidence, to the Student Service Center.

6.16 Mode of Study

Your mode of study is determined during your application. Full-time or part-time students will enrol the same modules. Part-time students may request to take 1 module per semester, subject to the Management approval. Full-time students will attend weekday's classes whilst part-time students will attend evening/ weekends classes.

6.17 Progression

At the end of each year the University considers the performance of each student and decides whether they have passed sufficient modules to be able to move to the next level of their course. Failure in modules, particularly failure due to non-submission of coursework or non-attendance at an exam, is likely to have serious consequences for progression through your course. In some cases, students who cannot progress will have the opportunity to repeat modules that they have failed. A student who has received failing marks in three modules (60 credits) shall be required to undertake a review of their academic performance with the course leader or nominee. On the basis of this review the student may be counselled/ required to leave the course and/or to seek readmission on a different course.

Any failure to progress is likely to delay your graduation and will lead to you incurring extra debt. For this reason, students who think they may be unable to attempt assessment should seek advice from Student Service Centre as soon as possible. Students may contact the management team at Section 1.2 for advice on possible implication for their student pass.

6.18 Publication of Results and Transcripts and Awards Certificates

Your marks will be formally confirmed at the end of the academic year, once they have been confirmed by the Subject Standard Board for your subject. Marks are published via [Evision](#).

An official transcript will be posted to Stanford Academy on the completion of your course, together with your award certificate. There is no charge for either your end of course transcript or your original award certificate, but if your certificate is lost you will need to pay a fee for a replacement.

For reason of employment, or to provide proof of study at the University during your course, you may need a formal transcript. There is a fee for these transcripts, payable at the time of request. Requests should be made via the University's [Eshop](#), who aim to produce transcripts within 10 working days of request. You can also print a copy of your results from Evision and your Student Hub will stamp it to confirm it is valid.

6.19 Reassessment

If you fail or do not attempt a component of assessment you will be provided with one reassessment opportunity during the reassessment period, provided you have failed the module overall. If you pass after reassessment the component concerned will be capped at 40%.

6.20 Retaking a Module

If, after reassessment, you still have not passed a module, you may need to re-register and to take the whole module again. You are only permitted to re-register any module on one occasion and depend on the programme schedule. A fee is charged for re-registrations.

However, you should note that there are limits on the number of modules you can register to gain your degree. If you repeat too many modules it will affect your funding, your ability to continue on your course and, if you are an international student, your right to remain in the Singapore.

6.21 Course Deferment Policy (applicable only to local and non-STP students)

We understand that, unfortunately, some students encounter exceptional circumstances resulting in them needing to take a break from their studies or delay it for a certain period. The University has [procedures](#) in place to support students who need to take a break from their studies or, in exceptional cases, modify their current programme of studies. Deferment may arise due to factors such as the compassionate ground or for any other valid reason.

Please think carefully about whether taking a break from your studies is right for you and please do contact your Student Service Centre for help and guidance, as during an approved break you will not be eligible to sit examinations, submit coursework or undertake any other form of assessment.

Timeframe for processing for Deferment request: 7 working days. The decision of the management and the University are final.

The maximum break permitted is one year and the maximum period in which to qualify for an Honours degree (including any agreed breaks) is six years.

Terms and Conditions for Deferment

A student who wishes to defer his/her study to a later date/ intake must complete the Deferment Form and submit it to the management. The form is obtainable from the Administrative staff. The approval of the deferment request is subject to the availability of the next intake.

The following conditions apply to any request for deferment of course:

- The student must state his/ her reason for wishing to defer his/ her studies, as well as the period of deferment. All requests for deferment must be supported by official documentary evidence.
- A student is only allowed to defer once per course of study. The period of deferment cannot be subsequently extended. The period of deferral cannot exceed 12 months. If student deferment period exceeds the time limited, student will be deemed to have

withdrawn from the course and would have to re-apply as a new applicant if s/he wishes to register on the course again.

- Student must contact the School to resume the course and failure to accept the course offered by the School will result in the automatic withdrawal from the course and only withdrawal policies applies.
- Any course fee that had been paid by the student will be retained by the School, towards the payment of course fees when the student re-joins the course. If the student does not re-join the course within the stipulated period for any reason, there will be no refund for any course fee paid. The student will be required to pay any difference in the School fees, if there is a revision in School fees during his period of deferment.
- When the student resumes his/ her course of study, he/ she may be required to purchase a new set of materials, if the course materials have changed.
- Student needs to pay new FPS fees as the old course FPS is terminated upon request of the deferment.
- The School does not guarantee that the same course will be available when the period of deferment is completed. In the event of the course being unavailable, the student may request a transfer to another course, subject to the approval of the management. If there is no suitable course, the student will be considered to have withdrawn without cause from the course and be subject to the procedures resulting from a withdrawal without cause.
- For the request of deferment, an administrative charge applies. The approval for deferment is at the sole discretion of Stanford Academy.

INTERNATIONAL STUDENTS UNDER STUDENT PASS IS NOT ALLOWED FOR COURSE DEFERMENT.

6.22 Standard Student Contract

To comply with the requirements of the Committee of Private Education (CPE), all local & international students enrolling in private education institution (PEI) in Singapore are required to sign a Standard Student Contract (Version 3.1) which stipulates:

Section 1)	Course information & fees,
Section 2)	Refund Policy,
Section 3)	Additional Information,
Schedule A)	Course Details
Schedule B)	Course fees
Schedule C)	Miscellaneous fees
Schedule D)	Refund Table

The CPE requires all private schools and their students to sign a student contract for any course that is longer than one month. The student contract sets out the contractual commitments of both the student and the private school. Once signed, both parties will be contractually bound to the agreed terms and conditions stated in the document.

For example, if the refund policy in your student contract states that there will be no refund of course fees once the courses have started, you will not be entitled to any refund even if you have not attended any lessons.

The student contract also contains other key mutual obligations of the private school and the student on matters such as course details and payment terms. **It is hence critical that you read and understand the terms and conditions carefully before signing and committing yourself to the contract.** Do not sign the student contract if you do not agree with the terms or if the terms are different from what the agent or the school has told you. Clarify with the school.

Retain a copy of the signed student contract as well as all receipts issued by school as these may serve as documentary proof in the event of a dispute.

If necessary, you can request the school for clarification or the translation of contract in your native language (i.e. in Chinese or in India or in Myanmar or Vietnam). School will arrange staff to explain using your native language. Students can also view and access [Advisory Note](#) at CPE website: [Skills Future SG](#). The school will also give an original copy of the contract to the student as it can be presented as a legal document in the event of disagreement.

The student's guardian will also sign the contract if the student is below the age of 18. The authorized signatory will sign the contract on behalf of the School.

6.23 Course withdrawal policy

Withdrawal means the student contract is terminated and the student is no longer a student of Stanford Academy (SA). The Course Withdrawal Policy covers a student's request for a course withdrawal from Stanford Academy, either with Withdrawal due to non-delivery of course or Withdrawal due to other reasons.

Terms and Conditions for Withdrawal

A Student who withdraws from SA to enrol with another Private Education Institution shall be deemed to have withdrawn from SA must do so by completing the Withdrawal Form, obtainable from the administrative staff.

Student's request for withdrawal will only be considered if:

- (i) a duly signed "Course withdrawal form" is submitted;
- (ii) student below the age of 18 must have the consent from their parent/guardian;

For instalment payment, in time of withdrawal, the student must settle unpaid instalment fees to SA. If student fails to terminate the Contract and/ or to give notice to withdraw from the course, the Contract will continue to be in force.

The Course withdrawal request is considered and approved by Management.

Timeframe for Processing Withdrawal

10	About the course and its strategy towards teaching and learning and towards blended learning/e-learning.		
	<p>This year-long Top-Up course offers students an opportunity to enhance their knowledge and understanding of business management, particularly the international dimensions of business, while completing the final year of their undergraduate degree. The course provides a broad, analytical and integrated programme for those wishing to study Business Management. It reflects the QAA Subject Benchmark for Business and Management which sees the of purpose business and management programmes as threefold:</p> <ul style="list-style-type: none"> ❖ increasing understanding of organisations, their management, the economy and the business environment; ❖ preparation for and development of a career in business and management, and ❖ enhancement of a wide range of skills and attributes which equip graduates to become effective global citizens. <p>The central aim of the course is to build on the students' existing knowledge of business and management. The core modules provide students with the advanced theoretical and practical knowledge and skills necessary to operate in a global business environment and to develop their understanding of the realities faced by</p>		

international business managers. Along with a language modules, the range of elective modules reflect the diversity of international business management and is intended to accommodate the wider learning background experiences of non-UK students.

Students develop their understanding of the governance, operations and management of the functions and processes of business organisations, as well as the corporate behaviours and cultures that exist within and between different organisations. Students have opportunities to enhance their existing understanding of management theories, models, frameworks, tasks and roles, including the management of people and corporate social responsibility. They will explore the factors that influence business from an international perspective, with an emphasis not only on understanding but also on responding and shaping the dynamic and changing nature of business and the consideration of the future of organisations within the global business environment.

The course is designed to prepare students to deal with contemporary issues and challenges in the world of business. Contemporary case studies help to prepare students to deal with issues and challenges, such as change management and values, in cross-cultural environments, and with the management and development of people of ethnically diverse backgrounds. Throughout the course students are exposed to social, ethnic, and cultural issues inherent in the student body.

The degree has a central all encapsulating theme of employability with the aim of providing students with the transferable knowledge and skills required for their chosen careers, and which reflects the breadth and depth of opportunities for learning, practice, placement and employability.

The course utilises a blended learning approach to teaching and learning through a mixture of interactive workshops, lectures including virtual lectures, seminars and a wide range of multimedia. Students are provided with opportunities to analyse and discuss core principles and concepts and obtain peer and formative feedback. The course adopts a student centred learning approach, which requires synthesis and critical analysis of key issues generated through their own research. Workshops, lectures and seminars are designed to convey broad principles, concepts and knowledge, as well as offering students the opportunity to analyse and apply knowledge through field work, and through case studies and business management scenarios.

The approach to teaching and learning on the course is to help students develop an inquisitive, critically analytical, and independent but supported level of scholarship in which they are able to set personal goals and targets. Experiential learning is fostered, whereby students are encouraged to learn from their own current or previous experiences of work. The course utilises industry expertise through the inclusion of business problems, current employers, and visiting professors.

11	<p>Course aims</p> <p>The aims of the BA(Hons) Business Management (Top-Up) are to:</p> <ol style="list-style-type: none"> 1. increase understanding of organisations, their management, and the business environment; 2. provide a contemporary and dynamic programme of study which enhances students existing knowledge and skills, and prepares them for a wide range of careers in the international business arena. 3. provide opportunities for students to develop their intellectual, critical and practical skills through the synthesis, analysis and evaluation of business and management in a variety international contexts. 4. develop students' academic, intellectual and practical skills and promote the development of their ability to critically analyse, synthesise, and evaluate business management principles in a wide range of international contexts. A central feature of this course is the development of students' lifelong learning skills, including self- evaluation and reflection with the aim of placing students in the best position to make informed decisions about their future professional career. <p>In addition Business Management students are offered the opportunity to undertake work placement (see point 19 below).</p>
12	<p>Course learning outcomes</p> <p>The BA (Hons) Business Management (Top-Up) course offers students an opportunity to focus on key dimensions of business management while completing the final year of their undergraduate degree. The learning outcomes for this course are informed by the QAA statement for Business and Management.</p> <p>On successful completion of this course students will be able to:</p> <p>LO1: Organisations: demonstrate in-depth knowledge and understanding of organisational design and development, including the internal aspects, functions and processes of organisations encompassing their diverse nature, purposes, structures, size/scale, governance, operations and management, together with the individual and corporate behaviours and cultures which exist within and between different organisations and their influence upon the external environment.</p>

	<p>LO2: The business environment: critically analyse the business environment including the economic, environmental, cultural, ethical, legal and regulatory, political, sociological, digital and technological factors, together with their effects at local, national and global levels on the strategy, behaviour, management and sustainability of organisations.</p> <p>LO3: Management: illustrate sound understanding and knowledge of the various processes, procedures and practices for effective management of organisations, including theoretical models, frameworks, tasks and roles of management, including the management of people and corporate social responsibility, together with rational analysis and other processes of decision making within different organisations.
